

Data Sheet

Code: Ac 8520 21

Brand: CILINDRO E VITE

Model: ENGEL ES 500

Year: 2021

Screw diameter: 40

Calculated shot volume: 251

Description:

-Cylinder D. 40x102x1062 standard in 41CrALMo 7 BON 90-100 Kg gaseous nitriding treatment 72 hours vertically class nt5, hardness HV 900-1000

-Screw D.40x1190 in LK3 standard nitrided in 41CrALMo 7 BON 90-100 Kg gaseous nitriding treatment 72 hours vertically class nt5, hardness HV 900-1000

All the mentioned technical data are merely intended to describe the item, they are subject to change without any notice and refer to the standard conditions of a new good. A used good might not have the same figures as the new one.
