

Data Sheet

Code: Ac 9002 96

Brand: MME

Model: TM3-5/5-0 + CV3-0/5-4

Year: 1996

Description:

control unit for molds: 5 zones

microcontroller: Temp Master III

output voltage: 230V / 24V

temperature range: 0-599 C

All the mentioned technical data are merely intended to describe the item, they are subject to change without any notice and refer to the standard conditions of a new good. A used good might not have the same figures as the new one.
