

Data Sheet

Code: Ac 9005 00

Brand: Incatronic System

Model: 2 Zone

Year: 2000

Description:

control unit for molds: 2 zones

microcontroller: incatronic AL1 1500W

output voltage: 230V

temperature range: 0 ° -400 ° C

All the mentioned technical data are merely intended to describe the item, they are subject to change without any notice and refer to the standard conditions of a new good. A used good might not have the same figures as the new one.
